

TABI

Simply Classic.

May 31, 2010

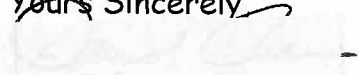

Dear Colliers Team,

We are writing this letter to thank our Colliers representatives for their extensive efforts in researching potential new locations for TABI International. Yanis Tzatzoglou, Patrick Egan and Jim Brown provided invaluable insight in gathering data and identifying alternatives in order for TABI to make an informed decision. They provided us with on and elusive "off market" options for our consideration as well as guidance on pricing. Ultimately, we decided to remain in our current location rather than making a move. We will revisit this decision as year or two down the road.

We are very appreciative that this Collier team was able to place our requirements ahead of "getting a deal done", even though the ultimate outcome did not provide them with any revenue. We are happy to recommend their team to other companies that need professional and sound advice related to commercial real estate matters.

When we are ready to move forward again, we will not hesitate to call upon these gentlemen once again.

Yours Sincerely,

David Ricci

CFO

TABI International
