

Pre-Apprenticeship

Training Institute

Dear Sir or Madam:

The Pre-apprenticeship training institute was looking for upwards of 6 months for an appropriate location for our academy. Patrick Egan from the moment we contacted him was hard-working, detailed and accurate in his search for the space we were looking for.

After further searching, were led back to a location we had considered before, however, were unable to make a deal happen. Patrick through persistence and good-thinking was able to resurrect this deal and overcame obstacles our previous agent was unable to.

We would like to recommend Patrick as a commercial broker and feel that his service level is top notch.

Yours truly,

Rui Cunha
Director of Operations
